title	year	author
- 40 years of Evolution	- 2014	- Peter R.Grant, B.Rosemary Grant

Concat column

Interface

- Make components easily re-adaptable from both: stylistic and behavior point of view. (e.g: colors, sort order)

- Adjust the DOM and .html contents correctly.

- A navigation index for the pages and the filter section.

- Droplists for each field in the filter section
